MOTION 1

I approve the activity report for 2021-22
Main goal for 2021-22:

**Working on formalising compliance framework** (e.g. insurance, commercialista)

**Constitution**

1. New constitution voted for during the EGM in November

**Rules & Regulations:**

2. Developed processes and procedures to comply with current legislation and help the board work:
   
   • GDPR policy: how we collect, manage, store and delete your data;
   
   • Motion procedure for decision meetings: how members can influence decisions during general meetings
   
   • Absentee voting procedure: how each member can cast her own vote without having to delegate it;
   
   • Social Good policy: how we select an organization and maintain a supportive relationship with them.
Changes to the Rules and Regulations

Consultation period for changes (11\textsuperscript{th} – 19\textsuperscript{th} of May) with Zoom meeting for questions and suggestions held on Thursday 19\textsuperscript{th} of May.

New additions and changes include:
• A voting committee that will oversee the election of the club officers;
• An absentee voting procedure that gives all club members the opportunity to cast their votes themselves;
• A motion procedure for decision meeting such as the AGM;
• A basic framework for the club’s Social Good work;
• A basic framework of how the club handles its members’ data (GDPR).
Changes to Voting 1

3 types of changes that are related and depend on each other and that you have read already!

Rationale for the changes:
1. Absentee voting:
   • with more members, proxy voting is very impractical and difficult to organize;
   • many women cannot attend in person AGM and still want to cast their vote themselves;
   • for that we need to send out the report in advance and have it ready to be voted on before the AGM;

Summary of changes:
1. preliminary agenda sent out to all members, a member may request an absentee ballot,
2. ballot should be requested up to 7 days before the AGM;
3. To cast vote one of the following options: Private messaging app; Email; Online polling tools; Written mail-in ballot.
4. Absentee voting shall start 5 days before the General Meeting and finish 24h before the start of the meeting
2. Motion procedure:
• To enable direct absentee voting all changes to the agenda need to be given in advance esp. decisions we need to vote on (motions*);

Introduction of Motion Procedure:
• Members may raise points by bringing motions to a GM (General Meeting) in response to preliminary report / agenda;
• Only those motions already proposed to the members in advance of a GM will be discussed;
• A proposer and a seconder will need to send a draft of the motion (no more than 100 words) to the board up to 7 days before a GM. These will be included in the final agenda and the absentee ballot;
• During AGM discussion and vote.

*motion = a formal suggestion discussed, and voted on at a meeting
Changes to Voting 3

3. Voting Committee:
   • Formalising in the R&R what we are already doing;
   • Board needs help with this because the process is labour intensive;
   • A good way to become involved in the club!

Introduction
   • Voting Committee consisting of one Board member and two active members of the Club who are not Board members
   • Responsible for the entire process of electing new board members. This includes the nomination process, the collation of the election ballot, absentee voting, counting of the votes and the announcement of the results.
MOTION 2 -1
I approve the changes to the voting procedure in the Rules and Regulations.
Inclusion of GDPR principles in the Rules & Regulations

Rationale:
• The IWCT is a data processor = we collect, manage and store data of our members that need to be protected by European law (Regulation (EU) 2016/679 (General Data Protection Regulation) in the current version of the OJ L 119, 04.05.2016; cor. OJ L 127, 23.5.2018);

• Full policy will be available soon on the website.
MOTION 2 -2
I approve the inclusion of GDPR principles in the Rules and Regulations.
Inclusion of Social Good principles into the Rules & Regulations

Rationale:
• restructuring way of doing SG work;

Introduction of:
• Summary of the full policy so the process is clear, transparent and available for all members:
  1. Guiding principles;
  2. Application process;
  3. Partnership with an organization;
  4. Reporting;
  5. Monitoring of the process.
To be able to focus our efforts and communicate clearly to our membership and supporters, and to maximize our fundraising abilities, I move to alter the wording of article 6.3. **Recipient, duration and payment of support**

**TO:**
- Every 2 years the membership of the IWCT will choose one main organization/project/program where we will focus at least 85% of the funds raised and our volunteering support for the duration of two (2) years.

**FROM:**
- Every 2 years the membership of the IWCT will choose at least one (1) main organisation / project / programme to support for the duration of two (2) years.
- 25% of the total funding amount will be given to the chosen organisation / project / programme at the beginning of the partnership, depending on need and the club’s budget.
- During the two years the club’s membership will fundraise the remaining 75%.
PROCESS OF FUNDRAISING
Why not to replace a specific target (10K) with an unspecified amount (85%)

• Specific amounts (e.g. 10K) are considered good practice in the non for profit sector;
• Enables save planning and budgeting for both the chosen charity and the IWCT;
• More transparent in terms of setting expectations;

IMPORTANT:
1. Any amount raised above 10K goes into and remains in the Social Good budget and not into the operational budget of the club (like sponsor or membership fees).
2. It will be up to the members to decide during that year’s AGM what happens with the additional amount.
3. It will be included in the agreement with the charity / organization that the specific target (e.g. 10K) is a maximum amount and depending on the success of the fundraising activities may be less.
4. Once we reach the specific amount (e.g. 10K) we will communicate to the members that they will have to vote at the AGM to continue funding the charity (should they have need for more funds) or to donate to another cause that might be put forward.
MOTION 3.2.2. – Amendment of article 6.3 of the proposed Rules and Regulations

Article 6.3. I move to remove the limited consecutive number of times an organization / project / program can reapply entirely in order for the club to develop a long term support of an organization when the members elect this by a democratic majority vote according to the constitution.
Why not?

- Fairness: give other organizations a chance to get chosen, may be difficult if too strong an emotional attachment to one organization;
- Sustainability: incentivize organization / charity to take concrete steps towards financial (!) independence.
Article 6.4

I move to have applicants invited in an open call pertaining to the goal stated of our social good work. “The aim of our SG work is to support and empower women and children to transform their own lives.”

Any organization / project / program based in the city and province of Turin may apply for the forms of support offered by the IWCT as outlined under point 6.3.

New wording:

Any organization / project / program based in the city and province of Turin, working to support and empower women and children living in the city and province of Turin to transform their own lives, may apply for the forms of support offered by the IWCT as outlined under point 6.3.

MOTION 2 -4
I approve the inclusion of SG principles in the Rules and Regulations pending the outcome of motions 2.3.1 – 2.3.3.
Update from our Web Chair

• We have a new, completely redesigned website & logo – largely due to the hard work and creativity of Anne-Lise!

• We continue to update & develop the website to fit our needs and improve its features

• Thank you ALL for your patience with and ability to adapt to these changes!

• We also have a revamped club Facebook Page & Private Facebook Group

• Club documentation (e.g. Board meeting minutes or club photos) is now backed up offline in addition to our online storage. This means the history of our club is safe.
MOTION 3
I redirect €1.500 from the Website budget to the Social Good budget.

Social Good funds raised September to December:

€ 10.200 already paid to Alfieri Carru in March 2022; € 539,90 in June (proposed)

Social Good Funds raised January to June donate:

1. To The 4 Day Box project: to buy needed supplies = € 2.791

2. To Dodomu (Siloe Community and the Rachel's Learning Center): to help with costs of accommodation and food = € 2.791

3. To FAWCO = € 263,8 (10% of funds raised Jan-Jun excl. Spring Fling)

4. As starting capital for next charity to be chosen in September: € 2.374,2 (90% of funds raised Jan-Jun excl. Spring Fling)
MOTION 5

I approve the funds raised during the be distributed as suggested above pending the outcome of motion 5.1.
MOTION 5.1. – Distribution of funds raised to be distributed

I move that the distribution of funds INCLUDES the €2.374,20 that is currently set aside for capital for the next charity be divided equally between the Dodomu and Alfieri-Carru

WHY?
• Our club has a bank balance of 29.000 euros, but we are registered as a NON PROFIT. There is, as I see it, no reason to not to put this money forward.

WHY NOT?
• Money raised for Social Good will not be used for operational costs ever. It remains in the SG budget.
• Use it for the next charity to help them hit the ground running from the start.
